Event 10 – Simulator

The final competition of 2011 provided a shock result as Graham Mills was distracted by various offers of chocolate and other bribes from fellow club members whilst flying to distract him from winning yet again!

Two dark horses made first and second place in the form of Dale Malpas and Bill Bird. Third place was occupied by Roy Bricknell with a steady flight (have you been practicing Roy?)

The results did not however affect the overall winner of the championship who finished 7th in this event. Well done Graham.
