

## **NORTHAMPTON MODEL AERO CLUB CHANNEL FLYING COMPETITION**

### **RESULTS**

**Date Sunday 25<sup>th</sup> 2011**

Strong Winds made it necessary to use the North South Runway with the resultant short distance between the poles. Those flying light electric aircraft in the headwind were able to take advantage of the headwinds to hover. Dave Shields got bored after a minute or so hovering and completed his slow run in almost 65 seconds. Graham Mills however was determined to win this competition in a decisive manner with a slow run of 2 minutes and 43 seconds!

Brian Inger is to be congratulated for taking part in such difficult conditions and thereby scoring his first points of the year.

Dave Parker was a very close fourth 0.01 secs behind Roger Macey and scoring valuable Gibbins Trophy points with his Twizzle Stick.

Number of competitors 6

| Competitor   | Slow pass    | Fast Pass  | Difference   | Position | Points |
|--------------|--------------|------------|--------------|----------|--------|
| Graham Mills | 162.86 secs. | 3.89secs.  | 158.97 secs. | 1st      | 7      |
