

Northampton Model Aero Club

“Egg Drop” Competition 6th June 2010.

Starts at 11 am.

Competition. Each competitor has 3 eggs and three attempts only at dropping the eggs from the model onto the marked area on the strip. There will be two circles marked out, 5 meter and 12 metre diameters.

Hitting the centre dot (bulls eye) scores 50 points. Dropping the egg within the first circle scores 30 points. Dropping the egg within the second (outer) circle scores 15 points.

The winner will be the person with the most points.

There are no model restriction except helicopters which can not be used. The model must be airborne and flying during the egg drop.

Entrant and Finishing order.

Position.	Name.	Points.	1st attempt.	2 nd attempt.	3 rd attempt.
1 st place	Martin Holmes		6.5 metres	2.75 metres *	3.75 metres
2 nd place	Dave Parker		13.5 metres	5 metres	4 metres *
3 rd place	Graham Mills		12 metres	6.5 metres *	off strip
4 th place	Alex Holmes		off strip	off strip	6.75 metres *
5 th place	Dave Shield		11.5 metres	off strip	7.5 metres*
6 th place	Roger Macey		off strip	off strip	off strip
7 th place	Brian Hammon		off strip	off strip	off strip
8 th place	Mel		off strip	crash	

The points system proved to be too coarse so the actual distances from the centre point were taken and used for this event to produce the finishing order. The * denotes the best performance by the competitor.

The 6th and 7th positions were based on consistency, closeness to the strip.
