

# Model Airplanes To Compete At Sywell This Week-End

— — —  
 Preliminary to New Local Club

— — —  
 Machine of 3 Ounces Reaches 150 Feet

**MR. A. H. BOYS**, founder of the new club, demonstrates to the "Independent" the model he is entering in Sunday's competitions. The plane, which is exhibited in Messrs. Mark's Drapery windows this week, has a wing span of 4 feet  $\frac{3}{4}$  inches, is 2 feet 2 inches in length, and weighs 3 ounces. It has flown for 125 seconds and reached a height of some 150 feet.

**A COUNTY ENTHUSIAST** who will also participate at Sywell on Sunday is Mr. Leonard Toseland (his picture above by courtesy of the "Kettering Leader"). Mr. Toseland, whose home is at 59, Avondale Road, Kettering, has built models since boyhood.
